

The Pediatric Anesthesia Quality Improvement Project

Status: RECRUITING

Eligibility Criteria

Sex: ALL

Age: Up to 21 years old

Healthy Volunteers: This study is NOT accepting healthy volunteers

Inclusion Criteria:

- All children undergoing anesthesia at participating hospitals

Exclusion Criteria:

- Patients over 21 years of age

Conditions & Interventions

Conditions:

Surgery, Anesthesia, Children

Keywords:

Children, Anesthesia, Surgery, Complication

More Information

Description:

The Study is designed to collect information about adverse events that occur in children undergoing anesthesia in participating hospitals.

Demographic information will be collected on all anesthetics. An analysis of each adverse event will be performed and entered into the database.

From this information we will devise strategies to prevent these adverse events.
